Engineering Design Solutions

WANT A **REAL** ENGINEERING DESIGN OPPORTUNITY?

APPLY FOR THE

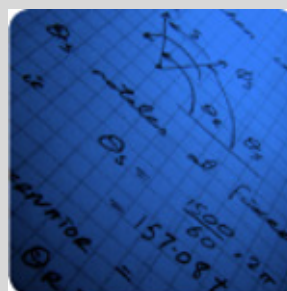

APPLIDYNE ENGINEERING DESIGN SCHOLARSHIP

Mech & Product Design

Electronic Design

Analysis

Technical Investigation

The Applidyne Engineering Design Scholarship will be open to all students who are enrolled full time in a Bachelor of Engineering degree in either Mechanical, Mechatronic, Aerospace, Automotive or other mechanical stream and are currently in their penultimate year of study

This scholarship is ideally suited to students who love to design and build things and is not solely awarded based on academic performance.

The successful student will receive:

- Vacation employment in the 2016/2017 summer holidays
- A \$3000 award
- Potential employment at Applidyne Australia Pty Ltd after completion of their engineering degree

For details of eligibility, selection criteria and a copy of the application form go to

www.applidyne.com.au or contact scholarships@applidyne.com.au.

Closing Date: Friday 22 July 2016
